

## **2023 County of Frontenac Budget - Executive Summary**

The County of Frontenac is pleased to provide its 2023 Draft Budget to Council and taxpayers. This document is the County's financial plan for 2023 and serves as a document that guides policy, strategic decision-making and service levels. It includes a broad overview of the operations, current financial position and capital and operating budgets of the County.

Through Council, the County delivers a wide range of services including:

- Paramedic services (Frontenac Paramedics)
- Long-term care (Fairmount Home for the Aged)
- Marine services (Howe Islander III)
- Planning and Economic Development
- Corporate services to support County operations
- Emergency services

The County of Frontenac also collects the levy to pay for the following services performed in the County by other providers through shared service agreements:

- Social Services
- Social Housing
- Homelessness Services
- Kingston Frontenac Public Library
- Kingston Frontenac Lennox & Addington Public Health

### **Budget Policy**

The budget policy sets out the framework for budget decisions and direction. The County of Frontenac takes the management and stewardship of public funds seriously. The objectives of the budget policy are to:

- Enhance the quality of decisions by promoting consistency
- Establish a timeline for the budget process
- Ensure that Council has adequate information to exercise its due diligence in assessing the budget
- Integrates with other long-term planning, financial and management objectives of the County
- Ensure that the budget document and process meet legislative requirements

The guiding principles in the preparation of the annual budget may be summarized as follows:

- Maintain existing service levels
- Identify and incorporate efficiencies
- Recognize the challenges presented from previous budget decisions
- Provide for long-term sustainability of current infrastructure
- Keep tax rates reasonable

Budgets will be presented to Council showing:

1. **Status Quo Budget** - The cost of maintaining existing service levels at next year's costs. Any service level enhancements previously committed to by Council, or mandatory legislated service level changes, will be included in this figure. The budget policy states that the target for the increase of the status quo budget will be the CPI for August of the previous year. The 2023 status quo budget target would be the Ontario CPI for August 2022 which came in at 6.9%.
2. **Service Level Changes** – Any project proposals which would change the service level from the previous year will be presented to council for deliberation. It is recognized that service level changes, except where mandated by legislation, are the sole prerogative of County Council.
3. **Capital Levy** – To progress towards capital sustainability for future replacement costs of long-lived assets, the Budget Policy recommends that an additional 0.65% be added to the previous year's levy for capital replacement for 10 years. The County of Frontenac will be in the 9<sup>th</sup> year of the capital levy enhancement in 2023.

The projected amount required to progress towards capital sustainability was based on 2014 estimated costs and assets. Costs of capital assets increasing above the rate of inflation, as well as new assets added to the County's books, will mean that the County will be short of its target at the end of the 10-year cycle. Staff recommend that Council continues with the 0.65% levy through the end of the 10-year cycle through 2024, and for Council to reaffirm their commitment to continue with the dedicated capital levy later in their Council term. This commitment will not be required as part of the 2023 budget process.

## **Strategic Direction (2019-2022)**

### **As the County looks to the future, it envisions:**

The County of Frontenac is committed to sustaining diverse, strong, and resilient rural communities known for their unique, pristine natural environment and lifestyle choices.

- The County is a vibrant community of diverse friendly people from all walks of life. The beauty of Frontenac is in the landscape but the strength is in its people, from the northern-most tip to the islands. These characteristics define our sense of place.
- The County aims to support the people of Frontenac and serve as the voice for our rural community lifestyle.
- The County of Frontenac facilitates those living, visiting and doing business to experience the diversity of the region and all that it has to offer in areas of tourism, agriculture, forestry, services and government.
- It also recognizes the unique and distinct characteristics of its four townships and how each contributes to the rich culture of the County.

### **As a framework for strategic planning, this future vision incorporates goals related to:**

- Working collaboratively with partners to resolve complex issues beyond individual mandates or jurisdictions.
- Expanding the network of broadband and cell services.

- Supporting community vitality through services, infrastructure, partnerships and innovation.
- Effective management of long-term care, emergency services, planning, community and economic development.
- Completing major capital projects related to Fairmount Home, Frontenac Paramedics and administrative offices.
- Building the County's organizational capacity in line with its mandate and accountabilities.
- Maintaining a sustainable financial framework that respects the taxpayer and manages risks.

**Priority 1:** Get behind plans that build community vitality and resilience in times of growth and change.

- Provide committed leadership and continuing support to the long-term regional plan to **enhance broadband and cell service**.
- Refine and invest in efforts to **accelerate economic development** — to grow businesses, attract more visits and expand the tax base.
- **Pursue proactive planning approaches** that reflect local concerns and priorities within strategic regional planning policy to enhance service levels, manage rising demand for new housing and deal with new types of development.

**Priority 2:** Explore new funding sources and invest in critical long-term infrastructure using sound judgement.

- To meet the needs of future capital projects, **explore new sources of funding support** (current and future programs), cost-sharing options and other potential economies.
- Design a framework, explore options and initiate plans for development of a long-term care facility that will meet **Fairmount Home's** mandate.
- Develop plans within a changing legislative and service delivery landscape to provide additional facilities for **Frontenac Paramedics** that will effectively meet steadily growing demand for services and accommodate more paramedic training.
- Finalize plans and financing to replace/construct/renovate **aging County buildings** now used for administration services (through a shared admin facility if possible).
- Explore a collaborative upper-tier role for the County in **securing potential funding and support** for township maintenance of roads & bridges in a regional road system.

**Priority 3:** Champion and coordinate collaborative efforts with partners to resolve complex problems otherwise beyond the reach of their individual mandates and jurisdictions.

- Work with the townships, other municipalities and levels of government on broad infrastructure issues — ranging from environmental concerns to regional

transportation strategies for residential, social and economic purposes, and access to funding.

- Play a leadership role on communications to promote shared messaging for all regional initiatives such as economic development, tourism and lifestyle opportunities, and broadband and cell services.
- Continue to pursue collaborative opportunities to achieve service and cost efficiencies and other economies through cost-sharing and shared services.

## Operating Budget

Status Quo Target: 6.9% (Ontario CPI, August 2022)

Proposed Status Quo Increase: 7.15%

Per budget policy, the 2023 status quo budget target is the Ontario CPI for August 2022 which came in at 6.9%. County Staff have made efforts to mitigate inflationary increases where possible; however, the increased costs of goods and services, along with sizeable increases for benefits, WSIB expenses, and other commitments made in previous years, have been felt across all business lines and a sizeable increase in the levy is required to maintain current service levels.

A discussion on some of the variances affecting the entire organization can be found below:

- Salaries and benefits, which form most of our operating expenses, increased by 9.57%.
  - WSIB expenses have seen the largest percentage increase, as our Schedule 2 expenses have increased by 102.77%.
  - Increases to our budgeted benefit rate for health care benefits for employees are 17.7%.
  - Changes in required Canada Pension Plan (CPP) deductions from 5.70% to 5.95% has increased our CPP budget by 7.12%.
  - Two of our three bargaining units have been without a contract since the end of 2020, with the other bargaining unit's contract expiring at the end of 2021. The County is still in negotiations with those bargaining units and salary increases are projected for those groups.
  - Cost of living increases for wages for non-union staff budgeted at a 2% increase for 2023.
- The 6.9% CPI was noticeable for material costs including clothing, raw food, and fuels. The total material spend was offset by a projected decreased requirement in pandemic supplies. Purchases of office furniture to furnish the new Administration Building are also rolling into materials, though this expense is being offset by a blend of borrowing and capital replacement reserve as part of the larger building project.
- Insurance costs have increased across the organization by 19% in 2023. This continues a trend dating back to 2019 where the County started seeing increases in the vicinity of 20% per year. The County went out to market to renew its insurance in 2021 and was able to secure a 7% increase last year. The increases

felt by the County are in line with what the municipal sector in Ontario has experienced in recent years.

- The proposed status quo increase includes previous commitments to phase-in funding for programs over a number of years. These costs were not incurred in 2022 and include:
  - \$32,000 to phase-in funding to support Rural Transportation. This is year 2 of 4 for \$32,000 increases with the fourth-year levy amount carried forward into years 5 and 6 to repay the Stabilization Reserve.
  - \$41,513 annually to service a 20-year debenture to fund the purchase of land required to complete the K&P Trail to the border with Lanark County.

## Capital Budget

Most capital spending for the County of Frontenac in 2023 is accounted for by scheduled replacements for vehicles and equipment for Fairmount Home and Frontenac Paramedics, or construction projects which were anticipated to be done in 2022 which were delayed into 2023. Two major building projects already underway will shape most of the capital spend for 2023:

- The County of Frontenac is moving forward with the renovation/addition of the County Administration Building, commonly referred to as the Old House, jointly with Cataraqui Conservation. The estimated total cost of construction is \$4,650,730 with \$762,394 incurred in 2022. The cost of construction was originally expected to be incurred in 2022, though most of the capital expense will occur in 2023. In 2022, County Council approved a debenture issue for \$2,500,000 anticipated to be drawn in July 2023, with the remainder of the cost of construction to be drawn from the Capital Replacement Reserve. A report will be presented to County Council when financing is required and market rates are known with greater certainty. The CRCA will be responsible for a share of the associated borrowing expenses in proportion to their assigned occupancy of the new facility.
- Frontenac Paramedics are moving forward with the construction of a new base in 2023 with occupancy expected at the end of 2023. The cost of construction was originally anticipated to occur in 2022, though most of the capital expense will occur in 2023. The cost of construction will be shared according to weighted assessment with the City of Kingston. In discussions between City and County staff, the preferred option would be pay for the building upfront and avoid debt financing. The County would be responsible for 20.426% of the estimated \$3,000,000 in construction costs, of which staff recommend that \$250,000 be taken from the Strategic Project Reserve and the balance be taken from the Stabilization Reserve to cover off the County's portion.

### K&P Trail:

- The County plans to acquire the remainder of the land to extend the K&P Trail from Clarendon Station to the Lanark County border in 2022. There are currently no funds allocated for land purchases and any purchases would be funded

through borrowing. Development of this phase of trail is also anticipated to occur in 2023 and 2024. The costs of development would be funded through the Canada Community Building Fund (formerly Federal Gas Tax) approved by Council in September 2021.

- County Council approved \$300,000 for the replacement of the Elbow Creek Bridge in 2022. Delays in work mean that this project would be completed in 2023. Additional funding of \$100,000 from Trans Canada Trail and \$100,000 from the Ontario Federation of Snowmobile Clubs is expected to offset the cost of replacement.
- Trail accessibility improvements and improvements to the Verona Trailhead for \$207,000 are also planned for 2023. 73.33% of costs are offset through grant funding through the ICIP program, while the remaining 26.67% is budgeted to come from the County's Accessibility Reserve.

A full listing of the capital projects planned for 2023 can be found below:

<b>Department</b>	<b>Project</b>	<b>Cost (\$)</b>
Corporate Services	Office Furnishings	120,000
Corporate Services	New Building Technology	50,000
Corporate Services	Building Alarm Installation	5,000
Corporate Services	Building Cost	4,650,730
Fairmount	Bearings, motor cover, additional testing and treatment	10,000
Fairmount	Beds-frames, side rails- mattresses below	95,744

K&P Trail	Trail Improvements - ICIP	207,000

Department	Project	Cost (\$)
K&P Trail	Elbow Creek Bridge Replacement	300,000
<b>Total</b>		<b>10,474,880</b>

## Service Level Changes

The proposed budget includes the following service level changes for consideration. Members from each of the following departments will present these project proposals in further detail during the budget meetings to elaborate on how they will assist with service delivery.

2023 Project Proposals	Total	County Levy	% Increase
Frontenac Paramedics - 0.65% Dedicated Levy for Growth	74,321	74,321	0.65%
Frontenac Paramedics – 12-Hour Crew	692,078	141,364	1.23%
Frontenac Paramedics – New Vehicle	245,000	50,043	0.44%
Frontenac Paramedics – Transfer from Operations Reserve to offset new crew and vehicle (Requires 2023 0.65% Dedicated Levy for Paramedic Growth)	-191,407	-191,407	-1.67%
Fairmount – 5 Hour Shift Dietary	75,365	24,117	0.21%
County – Cyber Security Training	20,500	8,860	0.08%
Other – Physician Recruitment	22,000	22,000	0.20%
<b>Total Project Proposals</b>	<b>1,316,239</b>	<b>104,298</b>	<b>1.14%</b>

## Capital Levy

The budget policy recommends a 0.65% dedicated levy increase for Capital Replacement from 2015 to 2024. The dedicated levy was implemented to help provide funds for large purchases for asset replacement and to help keep annual levy increases predictable. As indicated above, continued growth in the asset base, as well as the cost of capital assets increasing at a rate above inflation, will likely result in the 0.65% dedicated levy extending beyond 2024.

As of the end of 2021, our KPI for long-term sustainability which measures the rate of contributions to capital replacement compared to the depreciation of our current assets

was 89.07%. Therefore, the money annually going into reserves for asset replacement was less than the average cost per year to replace those assets at historical costs. It is recommended that County Council continue their commitment to the 0.65% capital levy until the rate of our contributions exceeds the depreciation of our capital assets, at which time the percentage increase of the capital levy can be revisited.

The 0.65% target was achieved by reducing the 1% target recommended by the consultant and assuming that 50% of building asset replacement would be funded through borrowing.

## **Assessment**

The 2023 final assessment roll was provided by the Municipal Property Assessment Corporation (MPAC) on November 30, 2022. MPAC has continued to use the assessment as of January 1, 2016 for the 2023 property tax year. Growth through new assessment and property changes is 1.28% for the 2023 taxation year.

Shared services based on weighted assessment with the City of Kingston include the costs of Social Housing, Social Services and Land Ambulance. For those services allocated through weighted assessment with the City of Kingston, the County of Frontenac is attributed 20.426% of the total costs for 2022 based on the 2021 weighted assessment. More of these shared costs have shifted to the County of Frontenac in 2022, as shared service costs were 20.304% attributed to the County of Frontenac in 2021. The change in weighted assessment between the two years is largely driven by a rate reduction in payments in lieu collected for Federal properties in the City of Kingston. Future allocations can change based on changes in the weighted assessment.

## **Reserves**

Most of our reserve balances are meeting current requirements with the exception of the Capital Asset reserves and the Canada Community Building Fund Reserve (formerly Federal Gas Tax). The budget for 2023 is proposing a relatively high draw on reserves with a number of capital projects already underway.

Planned contributions to our reserves continue to be made, providing predictable increases to the budget and serving to increase the reserve balance. The Strategic Regional reserves continue to fund key strategic projects approved by Council. Adjustments to reserve balances recommended outside of normal contributions in or out are discussed in further detail below:

### Fairmount Joint Capital Reserve

Staff are recommending the establishment of a Joint Capital Reserve with the City of Kingston for asset replacement for Fairmount Home, similar to the reserves set up for Frontenac Paramedics for vehicle and equipment replacement. The County would dissolve its dedicated capital reserve for Fairmount to establish the joint reserve. The reserve would be used to fund building, equipment, and IT replacement.

- The reserve would be established by the City of Kingston taking their debenture payment from 2022 of \$534,377 and apply it toward future capital expenses
- In accordance with the 68%/32% cost share, the County of Frontenac would match the annual contribution by transferring \$251,471 from its dedicated Fairmount Capital Reserve.
  - The projected balance in the reserve at the end of 2022 would be \$895,851
  - Once dedicated reserve is depleted, future contributions would be carved out of the County capital levy
- All future replacement capital costs would be drawn from the joint reserve
- Should the cost of replacement exceed what is available in the reserve for a major project (such as building replacement), excess costs would be shared in accordance with the 68%/32% cost share. Based on capital expense projections, this is unlikely except for a redevelopment of Fairmount Home.

### Stabilization Reserve

The target balance for the County's levy Stabilization Reserve is 15% of its total levy. The projected balance for the County's Stabilization Reserve as of the end of 2022 is \$1,926,791, or 16.6% of its total levy.

The Stabilization Reserve has been previously committed to be used for the County's portion of the Eastern Ontario Regional Network project for \$97,538 in 2023.

Staff are recommending that the Stabilization Reserve be taken below its target balance in 2023 to fund the construction of the new Paramedic Base at 2069 Battersea Road. Three options have been considered to fund the base at an estimated cost of \$3,000,000.

Option 1: Debenture for \$3,000,000 with the City of Kingston and the County of Frontenac paying their share of the debenture per the LSR agreement cost share. In discussions with City staff, they would prefer to avoid debt financing and to fund their portion of the cost of the new base upfront.

Option 2: Debenture for the County's portion of the build. The County of Frontenac's estimated cost share for the new station is \$612,780. Given that City of Kingston staff have expressed that they would prefer to pay upfront, the County could pay for its portion by taking out a 20-year debenture. The projected annual cost to repay the debenture would be \$47,108 per year, or 0.41% levy increase.

Option 3: Withdraw County's portion of the build from Stabilization Reserve. This would reduce the target Stabilization Reserve balance to 10.6% of the total levy. The benefit would be a 0.41% reduction in the levy for the next 20 years and allow the County's debt capacity open for other potential projects.

### Frontenac Paramedic Joint Vehicle Reserve

The contributions to the Joint Vehicle Reserve are shared by the City of Kingston and County of Frontenac through the LSR Weighted Assessment calculation. The contribution to reserve is made on an annual basis, and the amount required to replace a paramedic vehicle is then taken from the reserve, which avoids variances in the levy due to timing of vehicle purchases.

The cost of ambulances has been increasing at a rate above the Consumer Price Index, which will require an increase to our vehicle reserve. Since 2016, the cost of a new

ambulance has increased by 8%. Further accelerating the situation, the County's ambulance provider has suspended its remount program for 2023. The ambulance remount program was an integral part of our asset management strategy where the box on an older ambulance could be taken off and placed on a new chassis. This allowed for cost savings of approximately 40% of the cost of a full, new ambulance.

Based on current projections, the vehicle replacement reserve would be down to zero by 2026. To maintain a balance sufficient to avoid having to directly levy for a paramedic vehicle for the next five years, staff are recommending a \$100,000 annual increase to the Joint Vehicle Replacement reserve.

	2023 Proj. (\$)	2022 Proj. (\$)	2021 (\$)	Target Balance
Operating Reserves	6,402,036	5,826,021	5,942,969	Meets Current Requirements
Capital Asset Reserves	8,237,743	9,951,320	9,262,232	Underfunded - Ongoing review and annual allocation
External Agency Reserves	673,255	614,255	569,255	Meets Current Requirements
Strategic Regional Reserves	1,567,064	1,589,564	1,710,556	Meets Current Requirements
FRC Stabilization Reserves	1,216,573	1,926,791	2,024,723	Target: 15%, Projected: 10.6%
Legally Restricted Reserves	234,185	233,427	232,669	Meets Current Requirements
Federal Gas Tax Reserve Fund	926,641	1,229,749	1,254,834	Underfunded
<b>Total</b>	<b>18,423,939</b>	<b>20,561,848</b>	<b>20,187,959</b>	

## Long-Term Liabilities

The County of Frontenac's budgeted payment towards long-term liabilities will decrease from \$157,721 in 2022 to \$90,476 in 2023. This represents a 0.58% decrease in the levy in 2023.

The County of Frontenac was responsible for a long-term debenture issued for the redevelopment of the long-term care facility, Fairmount Home. The total debenture amount was \$17,200,000 and fully paid as of September 2022. The Province contributed

\$483,552 annually to the debenture, the City of Kingston contributed \$712,503, and the County of Frontenac contributed \$335,295, which is partially offset by an annual reserve transfer of \$125,000.

The contributions for 2022 were prorated based on the debenture being fully repaid in September. The City of Kingston contribution was \$534,377 and the County contribution was \$251,471, split between a \$93,750 reserve contribution and \$157,721 raised through the levy.

The 2023 budget anticipates that the County will have to borrow funds to complete its capital projects for the Admin Building Redesign. It is estimated that the total amount to be borrowed will be \$2,500,000 to be repaid over 20 years. The amount to be borrowed is anticipated to occur in July 2023 and is included in the budget. Ongoing annual debenture payments from 2023 to 2042 will be \$180,951, although that estimate could vary with interest rates and the final cost of construction. The estimated debenture payment in the 2023 calendar year is \$90,476 to be raised through the levy.

### External Requests

As part of budget deliberations, the County of Frontenac accepts requests from external agencies for funding. Requests in the form of commitments from previous years include \$96,000 per year to fund rural transportation initiatives in the County of Frontenac, and \$55,061 per year as part of a 10-year commitment to University Hospitals Kingston Foundations. Additional requests made as part of the 2023 budget cycle have been summarized in Council Report 2023-014 Office of the Chief Administrative Officer – Grants to Others – Public Meeting Budget Comments.

Any requests for funding that are from this year’s budget cycle are not included in the draft budget levy increase below. Any requests for funding would have to be approved by Council, and then would be added to the draft levy increase. Long-term commitments from previous years have been included in the Status Quo budget.

### Conclusion

The 2023 draft budget for Council consideration represents an 8.95% increase to the levy.

<b>Project/Service</b>	<b>County Levy Increase (\$)</b>	<b>County Levy Increase (%)</b>
Status Quo Increase - 2022 Service Level	743,785	6.50%
Rural Transportation (Year 3 of 6)	32,000	0.28%
K&P Expansion Debenture	41,513	0.36%

<b>Project/Service</b>	<b>County Levy Increase (\$)</b>	<b>County Levy Increase (%)</b>
<b>Status Quo Increases</b>	<b>817,298</b>	<b>7.15%</b>
Frontenac Paramedics - 0.65% Dedicated Levy for Growth  In 2023, would fund: <ul style="list-style-type: none"> <li>• 12-hour crew as of April 1, 2023</li> <li>• 12-hour crew as of October 1, 2023</li> </ul>	74,321	0.65%
Fairmount - 5 Hour Dietary Shift	24,117	0.21%
County - Cyber Security Training	8,860	0.08%
Other – Physician Recruitment	22,000	0.22%
<b>Proposed Service Level Increase</b>	<b>129,298</b>	<b>1.14%</b>
0.65% Dedicated Capital Levy	74,321	0.65%
<b>Total Draft Budget Increase</b>	<b>1,020,917</b>	<b>8.93%</b>
