

## **County of Frontenac – 2025 Budget Executive Summary**

The County of Frontenac is pleased to provide its 2025 Budget to Council and its citizens. This document is the County's financial plan for 2025 and serves as a document that guides policy, strategic decision making and service levels. It includes a broad overview of the operations, current financial position, and capital and operating budgets of the County.

Through Council, the County delivers a wide range of services including:

- Paramedic services (Frontenac Paramedics)
- Long-term care (Fairmount Home for the Aged)
- Marine services (Howe Islander III)
- Planning and Economic Development
- Corporate services to support County operations
- Emergency services

The County of Frontenac also collects the levy to pay for the following services performed in the County by other providers through shared service agreements:

- Social Services
- Social Housing
- Kingston Frontenac Public Library
- Kingston Frontenac Lennox & Addington Public Health

The 2025 budget is provided in the format required for the Ministry of Finance Financial Information Return (FIR) reporting and audit statements. It includes a comparison to the previous year's budget and provides estimates for 2026 through 2029. These estimated projections have been calculated using parameters which include historical and current data. These estimates may be adjusted as new information arises.

### **Budget Policy**

The budget policy sets out the framework for budget decisions and direction. The County of Frontenac takes the management and stewardship of public funds seriously. The objectives of the budget policy are to:

- Enhance the quality of decisions by promoting consistency
- Establish a timeline for the budget process
- Ensure that Council has adequate information to exercise its due diligence in assessing the budget
- Integrates with other long-term planning, financial and management objectives of the County
- Ensure that the budget document and process meet legislative requirements

The guiding principles in the preparation of the annual budget may be summarized as follows:

- Maintain existing service levels
- Identify and incorporate efficiencies
- Recognize the challenges presented from previous budget decisions

- Provide for long-term sustainability of current infrastructure
- Keep tax rates reasonable

Budgets will be presented to Council showing:

1. **Status Quo Budget** - The cost of maintaining existing service levels at next year's costs. Any service level enhancements previously committed to by Council, or mandatory legislated service level changes, will be included in this figure. The budget policy states that the target for the increase of the status quo budget will be the CPI for August of the previous year. The 2024 status quo budget target would be the Ontario CPI for August 2024 which came in at 2.1%.
2. **Service Level Changes** – Any project proposals which would change the service level from the previous year will be presented to council for deliberation. It is recognized that service level changes, except where mandated by legislation, are the sole prerogative of County Council.
3. **Capital Levy** – Council directed staff to build in recommended increases to the capital reserve for the 2025 budget per Report 2024-092 Corporate Services – Long Range Financial Plan. The Asset Management Plan recommended dedicated annual increases to the capital levy of 1.6% per year, but based on the projected replacement costs and timelines for capital replacements, it was recommended that increases to the joint reserves would be prioritized, while the dedicated Capital Levy be increased to 1.0% in 2025.

Subsequently, Council was provided with Report 2024-107 to move the defibrillators from a purchase model to a lease model. This move reduced the upfront costs of purchasing, reducing the amount of capital funds required, therefore allowing for the equipment reserve to forgo the planned 25% increase in contributions, which was revised to a 3% increase to keep pace with inflation.

The total increases relating to capital contributions for 2025 are as follows:

1. Increase Contribution to Joint Reserve by 20% for Joint Fairmount	50,294
2. Increase Contribution to Joint Reserves by 25% for Joint Frontenac Paramedics	36,999
3. Dedicate 1.0% of 2024 Levy to Capital, County-Only	128,384
<b>Total Levy Increase</b>	<b>215,677</b>

## Strategic Direction (2023-2026)

The following priorities were identified by Council through its Strategic Planning exercise for the Council term spanning 2023-2026:

1. Develop a Regional Approach to Overcome Infrastructure Issues and Maximize Infrastructure Development Opportunities

- Support member municipalities in their efforts to maintain and improve roads and bridges.
- Develop strategies to improve regional transportation connectivity and accessibility.
- Enhance collaboration with the Township of Frontenac Islands and the Province of Ontario on ferry services.

## 2. Contribute to the Progress of Sustainable Economic Growth and Prosperity Throughout the County

- Work with Townships to improve and sustain the villages and hamlets across the region.
- Develop regional tools and policies to support long-term protection of lakes, rivers, and other important environmental features in Frontenac.
- Support different forms of housing such as small apartments, affordable houses, and seniors housing.
- Provide business support and resources to existing and prospective businesses.
- Attract new investments and businesses to Frontenac County.
- Support workforce development initiatives to create job opportunities and retain talent.

## 3. Strengthen Quality of Life through Enhanced Service Delivery

- Focus on Frontenac Paramedics
  - Improve response times and coverage throughout Frontenac County.
  - Increase the number of paramedics to meet the growing demand for services.
  - Provide additional facilities for Frontenac Paramedics that will effectively meet steadily growing demand for services and accommodate more paramedic training.
- Focus on Fairmount Home
  - Improve the quality of care and services provided to residents.
  - Expand the capacity to accommodate more residents.
  - Enhancing staff training and development opportunities.
- Focus on Social Services and Housing
  - Ensure equal and fair access to social services, childcare, and social housing for County residents.
  - Advocate for additional funding and resources from provincial and federal governments for social services and affordable housing.
  - Invest additional resources in the availability of affordable housing and related services.

## 4. Maximize Administrative Leadership within the County Administration

- Ensure efficient and responsible financial management of County resources.

- Ensure transparency and accountability of the governance of the County of Frontenac (Council and its Committees).
- Ensure community engagement remains a continued priority and to develop dynamic solutions to improve citizen awareness/involvement in County of Frontenac activities and to promote collaboration with member municipalities.

## Operating Budget

Status Quo Target: 2.1% (Ontario CPI, August 2024)

Status Quo Increase: 2.51%

Per budget policy, the 2025 status quo budget target is the Ontario CPI for August 2024, which came in at 2.1%. As defined in the budget policy, the Status Quo budget represents last year's service level at next year's price, as well as the previous year's commitments.

Throughout the organization, the main driver to the increase in the status quo budget are salaries and benefits. The contract for medical benefits has increased by 15% for 2025. Furthermore, many wage contracts for collectively bargained groups have been continuing to come in above the CPI rate above.

Two other trends have impacted the status quo budget for certain departments, which have had large impacts on the overall rate increase.

- WSIB Expense: Following an actuarial revaluation of our self-funded WSIB benefits in 2024, the expense relating to WSIB present and future claims will increase by \$987,375 in 2025. This represents a \$200,358 increase to the levy, or a 1.56% increase.
- Long-Term Care Revenue: The net revenue between User Fees and Provincial Funding is budgeted to increase by 1.34% in 2025, while Status Quo operating expenses are expected to increase by 7.84%. The increase in the Status Quo expense is primarily wage driven by collective agreement increases, a 15% increase in medical benefits, and an increase in pension expense.
  - It is important to note that provincial funding and user fees accounted for approximately 67% of the Operating Budget for Fairmount Home in 2024, and any shortfall in revenue which is not matched by the Province would be absorbed by the Municipal contribution. Therefore, to hold the service level as the same rate as in 2024, the County would have to increase its share contributed to Fairmount Home by 21.87% in 2025.

## Capital Budget

Most capital spending for the County of Frontenac in 2025 is accounted for by scheduled replacements for vehicles and equipment for the County of Frontenac, Fairmount Home and Frontenac Paramedics.

\*\*Anticipated 5-year phase-in of Electronic Document Record Management System with contribution of \$30,000 each year.

## Capital Levy

On September 18, 2024, Council was provided with Report 2024-092, which recommended a 1.6% increase in the levy from 2026 through 2034. For 2025, a 1.0% increase in the dedicated levy in 2025 was recommended, along with a 20% increase in the Joint Fairmount capital contribution, and a 25% increase in the Joint Paramedic capital contribution.

Subsequently, Council was provided with Report 2024-107 to move the defibrillators from a purchase model to a lease model. This move reduced the upfront costs of purchasing, reducing the amount of capital funds required, therefore allowing for the equipment reserve to forgo the planned 25% increase in contributions, which was revised to a 3% increase to keep pace with inflation.

The Dedicated Capital Levy for 2025 in the budget is 1.0%, while the increases to the joint reserves will be reflected in the status quo budget. These increases to the Joint Reserves within the status quo budget represent a further 0.68% levy increase. The total increases relating to capital contributions for 2025 are as follows:

1. Increase Contribution to Joint Reserve by 20% for Joint Fairmount	50,294
2. Increase Contribution to Joint Reserves for Joint Frontenac Paramedics	36,999
3. Dedicate 1.0% of 2024 Levy to Capital, County-Only	128,384
<b>Total Levy Increase</b>	<b>215,677</b>

## Assessment

The 2025 final assessment roll will be provided by the Municipal Property Assessment Corporation (MPAC) by the end of November. MPAC has continued to use the assessment as of January 1, 2016, for the 2025 property tax year. Growth through new assessment and property changes has typically been between 1.00% and 1.25% per year.

Shared services based on weighted assessment with the City of Kingston include the costs of Social Housing, Social Services, Provincial Offences and Land Ambulance. For those services allocated through weighted assessment with the City of Kingston, the County of Frontenac is attributed 20.292% of the total costs for 2024 based on the 2023

weighted assessment. These shared costs have shifted towards the County of Frontenac in 2024, as 20.243% of shared service costs were attributed to the County of Frontenac in 2023.

Future allocations can vary based on changes in the weighted assessment. Given that properties are still being valued based on 2016 figures, Council should be cautioned that there may be a sizable change in weighted assessment when the next valuation occurs. While shifts within the same property class should increase at approximately the same rate, different property classes may increase at different rates. For example, the County of Frontenac is heavily weighted towards residential assessment compared to the City of Kingston. Should residential assessment increase at a higher rate than commercial and industrial assessment, the County would take on a higher percentage of the weighted assessment costs.

## **Reserves**

Planned contributions to our reserves continue to be made, providing predictable increases to the budget and serving to ensure our reserve balances are sufficient for anticipated future requirements. The Strategic Regional reserves continue to fund key strategic projects approved by Council. Most of our reserve balances are meeting current requirements except for the Capital Asset reserves, Stabilization Reserve, and the Canada Community Building Fund Reserve (formerly Federal Gas Tax). Further discussion on the reserve balances below target can be found below.

### Capital Asset Reserves

The Capital Asset Reserves are currently underfunded based on the replacement costs of our capital assets as cost increases for buildings, construction and vehicles have continued to outpace inflation.

Staff are recommending a 1.0% increase in the dedicated capital levy for 2025, with adjustments made to the Joint Fairmount and Frontenac Paramedic reserves. Further details on Capital Asset Reserve contributions and mitigation strategies can be found under the Capital Levy section on the previous page.

### Stabilization Reserve

The target balance for the County's levy Stabilization Reserve is 15% of its total levy. The projected balance for the County's Stabilization Reserve as of the end of 2025 is \$1,209,465, or 8.9% of its total levy.

The Stabilization Reserve has been primarily used to fund operating deficits at year end, or to fund special one-off projects when necessary, so as not to have to increase funding received from the levy. To mitigate the impact on the levy of the new Paramedic Station at Battersea Road, staff had recommended drawing from the Stabilization Reserve, which was at 16.6% of the total levy in 2022, to temporarily bring this reserve below its target balance to fund the County's portion of the base construction. Subsequent deficits in 2022 and 2023 drawn from the Stabilization Reserve has decreased the reserve balance further.

A one-time transfer of 2.0% of the total levy was recommended to be transferred to the Stabilization Reserve in 2024 based on an increase in investment income. No supplemental transfer has been recommended in the 2025 budget.

At its current balance, staff caution that the reserve balance may not be sufficient to cover future deficits, which would further increase the risk if it were to be drawn upon for one-off projects.

### Canada Community Building Fund

Annual contributions through the Canada Community Building Fund from the Federal Government are flowed through the Association of Municipalities of Ontario to the County of Frontenac. The regular annual contributions, through Council resolution, has then historically been flowed through to the Townships by by-law on the basis of weighted assessment with the County.

The current balance within the County's reserve has been committed to cover a portion of the Township Community Improvement Plan implementation, with an estimated \$74,837 remaining in eligible disbursements to the Townships, and \$813,000 allocated to K&P Trail development. The County may require additional funding in excess of what has been allocated to complete construction of the K&P Trail.

<b>Total</b>	<b>22,920,168</b>	<b>21,722,975</b>	<b>21,251,291</b>	

## Long-Term Liabilities

The County of Frontenac's budgeted payment towards long-term liabilities will decrease from \$240,728 in 2023, to \$226,395 in 2024. The debt incurred relates to the renovation of the Administrative Building and will be fully repaid as of January 2044 at a fixed rate. The reduction in debt expense relates to a decrease in the forecasted interest rate for the 2024 budget of 5.0%, to the actual rate of 4.43%.

No new debt is planned for 2025.

## External Requests

As part of budget deliberations, the County of Frontenac accepts requests from external agencies for funding. Requests in the form of commitments from previous years include \$96,000 per year to fund rural transportation initiatives in the County of Frontenac, and \$55,061 per year as part of a 10-year commitment to University Hospitals Kingston Foundations. Additional requests made as part of the 2025 budget cycle have been summarized in Council Report 2024-114 Office of the Chief Administrative Officer – Grants to Others – Public Meeting Budget Comments.

County Council approved a further \$2,500 contribution to the Food Policy Council in its 2025 budget.

## Conclusion

The 2025 budget presented to Council represents a 5.48% increase to the levy.
